

PLASTERBOND ECO

Bonding Agent for Plaster

ASTRAL

TRUBUILD™

TECHNICAL DATA SHEET VER NO. N.1

PRODUCT DESCRIPTIONS

TRUBUILD PLASTERBOND ECO has a unique hybrid polymer emulsion technology formula which provides excellent bonding between RCC and gypsum plaster or sand cement based plaster.

FEATURES & ADVANTAGES

**EXCELLENT
BOND STRENGTH**

**SINGLE COAT
APPLICATION**

- Excellent cohesive bond to RCC, concrete and other surfaces.
- Better adhesion /bonding due hybrid polymer technology
- Application in one coat
- Blue in colour for easy identification

AREAS OF APPLICATION

- Brush application on RCC/ concrete
- For gypsum plastering or sand cement-based plastering

PACKAGING

METHOD OF APPLICATION

Clean all type of dirt, oil, grease, other agents and loose material from substrates like RCC before application. After opening the container, mix the inside material well before using it. Apply a single brush coat on the substrate and leave it for 6-8 hours. Then surface will be ready for gypsum plaster or any sand cement-based plastering.

TECHNICAL DETAILS

S.NO.	PROPERTIES	STANDARD	RESULTS
1.	Physical State	-	Liquid
2.	Appearance	-	Opaque
3.	Colour	-	Blue
4.	Setting time (HRs)	-	6-8 hours
5.	Bond strength (MPa)	ASTM-D 7234	≥0.7 MPa

COVERAGE

- 130 sq. ft./kg/coat

Note: Single coat application only required. Don't mix water, it will reduce the efficiency of the chemical. Coverage may vary due to undulation and porosity of substrate.

SHELF LIFE

Best before 6 months from the date of manufacturing

HANDLING & STORAGE

HANDLING: Mandatory and recommended industrial hygiene procedures should be followed whenever the product is being handled and used. For additional information, please read Material Safety Data Sheet.

STORAGE: Product should be stored in a dry place in its original, properly closed containers at temperature between 20°C - 40°C. Chemical should be consumed once opened.

DISCLAIMER: This technical data sheet replaces all previous versions of it from the immediate effect. The information, and, in particular, the recommendations relating to the application and end-use of Astral Ltd, construction chemical products, are given in good faith based on our knowledge and experience of the products when properly stored, handled and applied under suitable favourable conditions in accordance with application instructions recommended in product technical data sheet. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. For the products on which company is offering warranty, please refer to warranty document to know entire terms and conditions. The same can be availed on request or from company website. The values mentioned in the above tables in technical data sheet are obtained in controlled lab conditions when tested properly by competent laboratory. Tolerance up to five to ten percentage on the lower side from the above values are allowable. Astral Ltd. reserves the right to change the properties of its products without notice. The end user of the product must test the product's suitability for the intended application and purpose. Astral Ltd will not bear any responsibilities on the product failure if it is wrongly positioned or if improper application methodology is adopted by the user or the applicator. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local product technical data sheet for the product concerned, copies of which will be supplied on request. No freedom from any patent owned by Seller or others is to be inferred. Because use conditions and applicable laws may differ from one location to another and may change with time, customer is responsible for determining whether products and the information in this document are appropriate for the customer's use and for ensuring that the customer's workplace, and disposal practices are in compliance with applicable laws and other governmental enactments.
